To Whom It May Concern:

I oppose the Draft Memorandum being proposed by the FDA. In particular, I object to the definition of "inordinate amount" which restrict the availability and the right to obtain medical necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

I am one of many who are unable to tolerate many of the manufactured drugs sold in bulk to the local pharmacies. Do NOT allow this document to become law, it will do more harm than good.

Sincerely,

Nancy Kondo
